New York—WASHINGTON—Paris.

Our Entire Stock of Men's and Young Men's
Fancy Suits and Overcoats
NOW MARKED AT WINTER CLEARANCE REDUCTIONS

Never did we start a clearance sale with such a well assorted and large stock of clothing as we did this year. This condition was brought about by the unusually large purchases which we made upon moving into our great Main Floor Men's Clothing Store, which has been favored with the largest business of any preceding year.

The styles and materials are so correct and desirable that men and young men of all dress desires and preferences will find garments that they can wear with utmost satisfaction and approval.

Our Clearance Sales Are Notable in Their
Savings—and Every Suit and Overcoat Is Our
Own Specially Selected Merchandise.

We hold but two clearance sales a year, and thus start each new season with a complete showing of the finest and newest clothes. It is our strict policy never to carry anything over from one season to another, hence the liberal price reductions which are now in force. Hart Schaffner & Marx and other good makes of clothes are represented.

MANY MILLIONS GIVEN TO TUBERCULOSIS FIGHT
Two-thirds of \$20,500,000 Received from Public Funds, Remainder Coming Direct from People.

More than \$20,500,000 was spent last year in the campaign against tuberculosis in the United States. Of this sum 65.8 per cent was derived from public funds, either Federal, State, county, or municipal, and the remainder was contributed by private philanthropy. These are some of the interesting figures contained in the annual statistical statement of the National Association for the Study and Prevention of Tuberculosis, made public yesterday. The statement is based largely on actual reports received from anti-tuberculosis agencies throughout the country, but where reports are not available the figures have been estimated.

Institutional care and treatment of consumptives in hospitals and sanatoria makes up the largest share of the total expenditures. More than \$7,500,000 was spent for this purpose, with an additional \$2,500,000 for special treatment of tuberculous inmates and prisoners.
